Coral Reefs

Journal of the
International Society
for Reef Studies

Volume 20 (2001)

Editor

Dr. Richard E. Dodge
Dania, USA

Geological editor

Dr. Peter K. Swart
Miami, USA

Biological editors

Dr. Dave Barnes
Townsville, Australia

Dr. Robert C. Carpenter
Northridge, USA

Dr. Howard R. Lasker
Buffalo, USA

Environmental editor

Dr. Bruce G. Hatcher
Halifax, Canada

Ecological editor

Dr. Peter F. Sale
Ontario, Canada

Copyright

Submission of a munuscript implies: that the work described has not been published before (except in the form of an abstract or as part of a published lecture, review, or thesis); that it is not under consideration for publication elsewhere; that its publication has been approved by all co-authors, if any, as well as by the responsible authorities at the institute where the work has been carried out. The author(s) transfer(s) the copyright to his/their article to Springer-Verlag effective if and when the article is accepted for publication. The copyright covers the exclusive and unlimited rights to reproduce and distribute the article in any form of reproduction (printing, electronic media or any other form); it also covers translation rights for all languages and countries. For U.S. authors the copyright is transferred to the extent transferable.

The author(s) guarantee(s) that the manuscript will not be published elsewhere in any language without the consent of the copyright holders. All articles published in this journal are protected by copyright, which covers the exclusive rights to reproduce and distribute the article (e.g., as offprints), as well as all translation rights. No material published in this journal may be reproduced photographically or stored on microfilm, in electronic data bases, video disks, etc., without first obtaining written permission from the publisher. The use of general descriptive names, trade names, trademarks, etc., in this publication, even if not specifically identified, does not imply that these names are not protected by the relevant laws and regulations. While the advice and information in this journal is believed to be ture and accurate at the date of its going to press, neither the authors, the editors, nor the publisher can accept any legal responsibility for any errors or omissions that may be made. The publisher makes no warranty, express or implied, with respect to the material contained herein.

Special regulations for photocopies in the USA: Photocopies may be made for personal or in-house use beyond the limiations stipulated under Section 107 or 108 of U.S. Copyright Law, provided a fee is paid. all fees should be paid to the Copyright Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, USA, stating the ISSN 0722-04028, the volume, and the first and last page numbers of each article copied. The copyright owner's consent does not include copying for general distribution, promotion, new works, or resale. In these cases, specific written permission must first be obtained from the publisher.

The Canada Institute for Scientific and Technical Information (CISTI) provides a comprehensive, world-wide document delivery service for all Springer-Verlag journals. For more information, or to place an order for a copyright-cleared Springer-Verlage document, please contact Client Assistant, Document Delivery, CISTI, Ottawa K1A 0S2, Canada (Tel: 613-993-9251; Fax: 613-952-8243; e-mail: cisti.docdel@nrc.ca).

Contents of Volume 20

Erratum

Belliveau S → Craig P
Birkeland → Craig P

Craig P, Birkeland, Belliveau S: High-temperatures tolerated by a diverse assemblage of shallow-water corals in American Samoa 433

Introduction

Hearn CJ: Introduction to the special issue of *Coral Reefs* on "Coral Reef Hydrodynamics" 327

Notes

Abelson A → Pasternak Z

Belliveau S → Craig P
Bellwood DR → Fisher R
Birkeland C → Craig P

Carballo JL → Hernández-Zanuy AC
Craig P, Birkeland C, Belliveau S: High temperatures tolerated by a diverse assemblage of shallow-water corals in American Samoa 185

Fisher R, Bellwood DR: Effects of feeding on the sustained swimming abilities of late-stage larval *Amphiprion melanopus* 151

Hernández-Zanuy AC, Carballo JL: Distribution and abundance of ascidian assemblages in Caribbean reef zones of the Golfo de Batabanó (Cuba) 159
Hori K → Yamano H

Kokita T, Nakazono A: Rapid response of an obligately corallivorous filefish *Oxymonacanthus longirostris* (Monacanthidae) to a mass coral bleaching event 155

Nakazono A → Kokita T
Nastisch S → Pennings SC

Ohmura A → Yamano H

Pasternak Z, Rix A, Abelson A: Episymbionts as possible anti-fouling agents on reef-building hydrozoans 318
Paul VJ → Pennings SC
Pennings SC, Nastisch S, Paul VJ: Vulnerability of sea hares to fish predators: importance of diet and fish species 320

Rix A → Pasternak Z

Yamagawa O → Yamano H
Yamano H, Hori K, Yamauchi M, Yamagawa O, Ohmura A: Highest-latitude coral reef at Iki Island, Japan 9
Yamauchi M → Yamano H

Reef sites

Aitsi J → Maniwavie T
Ault JS → Chiappone M
Ault JS → Miller SL

Bohnsack JA → Miller SL

Castro CB, Segal B: The Itacolomis: large and unexplored reefs at the arrival point of the first Europeans in Brazil 18
